The Objectives of the BW/BI Power User Workshop are:

- Provide an overview of BW/BI
- Provide an overview for creating ad hoc queries using the BEx Query Designer
- Provide an opportunity for BW/BI Power Users to develop ad hoc queries in BW/BI with the assistance of BW/BI report developers

The BW/BI Power User Workshop is intended to provide BW/BI Power Users with basic steps for creating ad hoc queries using BEx Query Designer.

The BW/BI Power User Workshop does not include intermediate or advanced ad hoc query topics.

Intermediate or advanced topics may be posted as a supplemental to the Business Intelligence Workshop materials as they become available on the Business Intelligence website:
